GOODE'S LADDER BOOK FOR 1859.  
 NEW YORK: PUBLISHED BY L. A. GOODE,  
 112 NASSAU STREET, NEAR THE CITY HALL.  
 Especially designed for the use of the "Ladder"  
 in America.

WHILE this Magazine is taken in a home,  
 either a school, as it comprises all that can  
 be obtained, taking three other Magazines.  
 We should like to send them to the school  
 and in their order room, for if we do not make  
 duplicate stenotype plans, it will be difficult to  
 supply the demand. We expect our lot for 1859  
 will reach 100,000 copies. The last plan of pub-  
 lishing is to send you money direct to the pub-  
 lisher. These will cost large amounts had better  
 not do so, but more will suffer if extra money  
 be procured. Letters had better be registered,  
 only cost a few cents each, and their safe receipt  
 is insured.
